Shipping & Delivery

Delivery Options

We offer flexible delivery options depending on your order and location:

- **Home delivery** via our distribution partner **GLS**
- **Pickup from a GLS ParcelShop**

All available options are shown clearly at checkout.

If you're not at home during delivery, GLS may offer the parcel to a neighbour. If that's not possible, your order will be sent to the nearest **GLS ParcelShop** and you'll receive an email notification.

Delivery Time & Costs

- Most orders are delivered within **2–5 working days**, depending on the part and your delivery address
- **Shipping costs** are shown at checkout — no hidden fees
- **Weekend delivery** may be possible depending on GLS. You'll be informed by email if this applies to your shipment
- **Same-day delivery** is not available at this time
- We currently deliver only in **Belgium, Netherlands, Luxembourg and France**. If this changes, we'll announce it on our website

---

Order Tracking & Address Changes

You'll receive an email with a **track & trace link** once your order ships.

If you have an account, you can also view order updates under **Profile > My Orders**.

Address changes after placing the order are only possible via the GLS platform and may incur extra costs, depending on their terms.

Delivery Issues

If your order hasn't arrived or was only partially delivered:

- Check your tracking link for the latest status
- Visit **Support > Shipping & Delivery** to submit an issue
- Or email us at **support@ottogusto.com**
- You may also contact **GLS** directly using your tracking reference

---

Damaged Deliveries

If your delivery is **damaged**, please:

1. Take clear **photos or a video** of the package as received
2. Contact us as soon as possible via **support@ottogusto.com**
3. We'll guide you through the next steps, including our return process if needed
