GENERAL TERMS AND CONDITIONS

Article 1: Identity of the seller

OTTOGUSTO

E-mail address: support@ottogusto.com

Registered office / company details:
CP2 Digital NV
Lintsesteenweg 531B, 2540 Hove
Company number: KBO 1006.907.015
Bank account number: BE95 3632 3946 5758

Article 2: Applicability and conditions

1. Our general terms and conditions apply to all agreements with you as a customer. Certain conditions only apply to consumers (any natural person who, for non-professional purposes only, acquires or uses products or services placed on the market). This is then clearly stated.
2. We only deliver in Belgium, the Netherlands, Luxembourg and France. If you provide a delivery address in another country, we have the right to refuse your order.
3. To place an order, you must be at least 18 years old. If you are not 18, a parent or legal guardian must place your order. If we notice that an order has been placed by a minor, we can still refuse this order.
4. You can always find our general terms and conditions on our website. Placing an order on the website constitutes explicit acceptance of our general terms and conditions of sale. However, we ask you once again to explicitly confirm that you have read and approved the general terms and conditions when you place an order. We will also always send you a copy of these general terms and conditions in a format that you can save or print, together with the order confirmation (or at the latest upon delivery).
5. If, in addition to these general terms and conditions, additional special conditions apply, the same provisions above also apply to the special conditions. If our general terms and conditions are in conflict with those special conditions, you as a consumer can always invoke the most advantageous text for you.

Article 3: Our offer and your order

1. If an offer has a limited period of validity or is subject to certain conditions, we will explicitly state this in the offer.
2. We always describe as completely and accurately as possible what we are selling you and how the ordering process will proceed. The description is in any case sufficiently detailed for you to make a good assessment. If we use images, they are a true representation of the goods and/or services offered. It is possible that the image is a drawing of the part. In case no accurate image is available, we will use a placeholder and this will be clearly indicated.

   However, making errors is human. If we have clearly made a mistake, we are not obliged to deliver after all.
3. To purchase a product, you add the product to your shopping cart. You then enter your contact details, delivery details and billing details (for business customers only). You then choose the method of delivery:

   •Home delivery
   •Pick-up at a pick-up point of our transport partner

   In the last step, you will get an overview of your order, and you accept our general terms and conditions and confirm your payment by pressing the order button with the caption “Pay Now”. Once you have completed these steps, your order is final.
4. Your order is complete and the agreement between us is final as soon as we confirm your order by e-mail and as soon as we have received approval from the issuer of the payment card for your payment transaction. If the issuer of your payment card refuses to agree to your payment to us, we cannot be held responsible for delays in delivery and/or non-delivery of your order. Orders without valid payment in the name of the registered cardholder will not be accepted or processed.

Article 4: Right of withdrawal

1. The right of withdrawal only applies to consumers.
2. If you as a consumer buy goods or services from us, you have the right to decide for 14 days that you do not want to keep the goods or services. This period of 14 days starts from the delivery (for the purchase of goods), or from the conclusion of the agreement in the case of the purchase of services. You can then return your order

without payment of compensation and without having to give a reason. Please note that you will have to pay the shipping costs for this yourself. The return policy applies to all returns at all times.

3. You must return the goods to us within 14 days of informing us that you wish to withdraw from the agreement. The costs of returning the goods are for your account and must be done via the transport partner designated by us. After the expiry of this period, we have the right to refuse the return of the purchased goods.
4. We will refund you the full purchase price within 14 days after we have received the goods back or until you have demonstrated that you have returned the goods, whichever comes first.
5. The refund includes the delivery costs, unless you chose a different delivery method for your order than the cheapest standard delivery offered by us.
6. The refund is usually made with the same payment method that you used yourself. If that is not possible, we will contact you and refund to the account you provide to us.
7. During the first 14 days after delivery, we expect you to handle the order and the packaging with care. If you still want to be able to return the goods, you may only unpack or use them to the extent necessary to assess whether you wish to keep the good (as you could do in a shop). Returned goods must not have been used. If you return the goods, this must be done with all delivered accessories, in the original condition, and together with the original packaging, and taking into account our instructions. If you go further than was necessary to assess the properties of the goods and the good has been reduced in value as a result, we can apply a proportional reduction in value to the refund.
8. If there are specific goods where a seal or special packaging is important and the removal of this can greatly reduce the value, this can be a reason for no or only partial refund. For example, the costs for repackaging or if the good shows signs of dirt or use. The amount we charge will not be higher than the actual amount paid for the good.
9. To exercise your right of withdrawal quickly and correctly, fill in the online contact page, stating the order number and selecting the correct support category ‘returns and refunds’. We will then contact you by e-mail and guide you through the return process.
10. The right of withdrawal cannot be exercised on delivered goods that have been irrevocably mixed with other products after delivery, such as oils or any other liquid.

Article 5: Price

1. Our prices include all taxes, VAT and services, unless stated otherwise.
2. In addition to the purchase price, shipping costs are usually also charged. In that case, we will always state this before you definitively place your order.
3. If a price of an article is only temporarily valid, we will always state the period of validity. This also applies to any promotions or discount campaigns.
4. If there are special conditions attached to the validity of a price, we will state this on the product card.

Article 6: Payment

1. We only accept payments via the payment module that is made available on our webshop.
2. We offer the following payment methods via the Payment Service Provider "PAY NL": IDEAL, BANCONTACT, PAYCONIQ, CARTE BANCAIRE, APPLE PAY, GOOGLE PAY, MASTERCARD and VISA.
3. To ensure a secure online payment and the security of your personal data, we use SSL technology. This ensures that transaction data is encrypted and made unreadable when it is sent via the internet. You do not need any special software to pay with SSL technology. You can recognize a secure SSL connection by the 'lock' in the bottom status bar of your web browser.

Article 7: Conformity and guarantee

1. We guarantee that our goods conform to your order and the selection process you have completed on our website, and that the goods meet the normal expectations you may have of them, taking into account the specifications of the product. We also guarantee that our goods comply with all Belgian laws as they exist at the time of your order.
2. As required by law, our products are also covered by a legal guarantee. If a product does not comply with the agreement, the buyer must inform the seller of this within 2 months of discovering the defect. Any compensation for this can never be greater than the amount invoiced/paid to the buyer. Usual or normal wear and tear, unintentional or intentional changes made by the buyer to the product, the inability to present an invoice or valid proof of payment and various negligences are express but not exhaustive exceptions to the aforementioned guarantee scheme.

Article 8: Delivery and execution

1. All goods and services are delivered to the delivery address you indicated with your order.
2. You have the choice of different delivery methods that you can indicate during checkout:

   •Standard home delivery: all goods are delivered to the address you indicated with your order.
   •Pick-up at a pick-up point of our distribution partner

3. If the articles are in stock, the delivery time is in principle between 2 and 5 working days. When an article is not in stock, the delivery time will be more like 10 to 30 working days, in exceptional cases even longer. We will inform you about the delivery time in the order confirmation, or afterwards by email if the availability information should have changed after the order.
4. Deliveries can take place on weekdays as well as on weekends. Deliveries are made by our distribution partner. You will receive a link by email, where the shipment can be tracked by entering the tracking code.
5. If we cannot deliver on time, we will always notify you before the expiry of the planned delivery period. We will then agree on a new delivery period with you.
6. Our shipments are always at our risk. So you don't have to worry about goods that get lost or damaged in the post. However, if you return goods to us within 14 days of purchase because you would rather not keep them (see article 4), you are responsible for the transport. We are only responsible for the package until it has been delivered to the customer. Afterwards, we can no longer be held responsible for the damage, theft or loss of goods.
7. Visible defects must be reported immediately, at the latest 3 days after delivery, with the addition of photos or video. When we talk about visible defects, we are thinking, for example, of goods that were damaged during transport, do not correspond to the articles stated on the delivery note or do not correspond to the articles you had ordered (visible defects).
8. We are not responsible for any consequential damage due to late delivery or non-delivery by our carrier. In any case, our liability is limited to the value of the articles that you can prove you have not received.

Article 9: Recupel

1. We comply with all legal obligations regarding the disposal of used batteries and electrical and electronic equipment. We (and our partners) ensure that the batteries and electronic devices we sell are correctly taken back and processed.
2. We emphasize that electrical and electronic devices and batteries that are obsolete, broken or at the end of their life may not be thrown in the bin or in the selective sorting bins of the municipality. This prohibition is indicated on the products themselves by the symbol of the crossed-out bin. The purpose of this regulation is to limit the waste of raw materials and to protect the environment and human health by preventing the spread in nature of substances contained in certain devices.

   You have the option of handing in this waste at a suitable collection point.

Article 10: Deposit articles

1. For specific products, hereinafter referred to as “deposit articles”, an additional deposit will be charged on top of the regular purchase price. The applicable products are identified as such in the details of your order.
2. The refund of this deposit is dependent on the correct return of the old, defective part that is replaced by the newly purchased product. This policy applies to a range of components, including but not limited to starter motors, alternators, batteries, steering racks, servo pumps, brake calipers, drive shafts, and various pumps and injectors for the fuel system.
3. To reclaim the deposit paid, the customer must return the complete, defective old part to OTTOGUSTO. The costs and responsibility for this return shipment lie entirely with the customer.
4. For a smooth processing of the refund, it is necessary that the customer provides his or her bank details to OTTOGUSTO. The refund will be initiated after receipt and approval of the returned part.
5. The returned old part must be in a condition that allows for reconditioning. This means that the part must not show any irreparable damage, such as cracks or breaks in the housing, the casing or the drive shafts.
6. Specific parts, such as brake calipers and components of the power steering (including servo pumps), must be completely free of residual fluids before being returned.
7. The deposit cannot be refunded if the returned part does not meet the criteria for reconditioning. This is also the case if deviations are found in technical

specifications, such as amperage or overall performance, that prevent a successful overhaul.

Article 11: Force majeure

1. In the event of force majeure, we are not obliged to fulfill our contractual obligations. In that case, we can either suspend our obligations for as long as the force majeure situation lasts, or definitively dissolve the agreement. Because there is force majeure, we are not liable for any compensation to you.
2. Force majeure is any circumstance beyond our will and control that wholly or partially prevents the fulfillment of our obligations. This includes, among other things, strikes, fire, business disruptions, energy disruptions, disruptions in a (telecommunications) network or connection or used communication systems and/or the unavailability of our website at any time, non-delivery or late delivery from suppliers or other engaged third parties.

Article 12: Intellectual property

1. Our website, logos, texts, photos, names and all our communication in general are protected by intellectual property rights that lie either with us, or with our suppliers or other rights holders.
2. It is forbidden to use and/or make changes to the intellectual property rights as described in this article. For example, you may not copy or reproduce drawings, photos, names, texts, logos, color combinations, etc. without our prior and express written consent.

Article 13: Complaints procedure & disputes

1. We of course always hope that all our customers are 100% satisfied. If you do have complaints about our services, you can contact us via the complaints form, which can be found at the bottom of our website. We will do everything we can to handle your complaint within 7 days.
2. All agreements that we conclude with our customers, regardless of their place of residence, are exclusively governed by Belgian law. If, for reasons of international law, another law is applicable, the interpretation of these general terms and conditions will in the first place refer to the Belgian Law on Market Practices and Consumer Protection as included in the Code of Economic Law. In the event of disputes, only the competent Belgian courts have jurisdiction.

3. As a consumer, you also have the option of resolving the dispute out of court. You can contact the Consumer Ombudsman Service of the Federal Government for this. It is competent to receive any request for out-of-court settlement of consumer disputes. It will in turn either handle the request itself or forward it to a qualified entity. You can reach the consumer ombudsman service via this link: http://www.consumentenombudsdienst.be//nl
4. Should we be unable to reach a solution together, you as a consumer can contact Becom. Becom will mediate between the consumer and the seller if the complaint appears justified at first sight. You can reach them via the complaint form at becom.digital or in writing: Markiesstraat 1, 1000 Brussels, info@becom.digital.

ACCESSIBILITY STATEMENT

Accessibility Statement for Ottogusto.com, CP2 Digital NV strives to make its website(s) accessible to everyone. We apply the WCAG 2.1 level AA accessibility standards to improve the user experience for everyone, including people with a disability.

This statement applies to: https://ottogusto.com/

1. Compliance Status

This website is: Partially compliant with the WCAG 2.1 level AA guidelines.

2. Non-accessible content

Despite our efforts, there are currently some components that are not yet fully accessible:

- Keyboard Accessibility & Focus: The website is not fully navigable via keyboard. The focus order is out of sync in certain sections, and some interactive elements lack visible focus indicators.
- Navigation: There is no "Skip to content" link, requiring keyboard users to navigate the entire menu on every page load.
- Interactive Elements & Link Context: Social media icons lack descriptive labels, and some call-to-action buttons use generic text like "Show more," which provides insufficient context for screen readers.
- Moving Content: Carousels start automatically and lack a mechanism for the user to pause, stop, or hide the movement.
- Images: Not all images are currently provided with descriptive alt-text.

- Form Validation & Status: Error messages are at times indicated by color alone (e.g., red borders) and are not consistently announced to assistive technology. Dynamic updates, such as "item added to cart," are not always communicated to screen reader users.

3. Action plan & improvements

We are committed to resolving these issues according to the following schedule:

Action Description	Target Date by End of
Implement a "Skip to Content" link and repair focus traps/non-logical tab sequences on primary landing pages.	Q4, 2026
Audit and update aria-labels for all social media icons and footer buttons to ensure clear identification.	Q3, 2026
Ensure all interactive elements have a highly visible focus indicator (outline) that meets contrast requirements.	Q3, 2026
Update the carousel component to include visible play/pause controls and ensure they respect "reduced motion" preferences.	Q4, 2026
Bulk update alt-text for top-tier product images and implement a mandatory alt-text field in our workflow.	Q4, 2026
Improve form validation by adding text-based error descriptions and using aria-describedby to link errors to inputs.	Q4, 2026
Implement aria-live regions for dynamic status messages (e.g., cart confirmations) and rewrite remaining generic "Show more" links for better context.	Q4, 2026

4. Feedback and contact details

Should you encounter a problem with the accessibility of our website? Please let us know so that we can remedy them.

- E-mail: support@ottogusto.com
- Telephone: +32 3 889 20 95
- Contact form: https://ottogusto.com/en-BE/support

We strive to respond to your report within 5 working days.

5. Enforcement procedure

If you are not satisfied with our response or the way your request was handled, you can contact the federal Consumer Ombudsman Service or relevant regional equality bodies.

This document was last revised on May 19th 2026.
